**PERSONAL AND SOCIAL**

Miss Frank Spencer of New York and her niece, Mrs. C. M. Ferry, left on Friday for their home.

Natives may now don straw hats and ice cream pants without fear of being taken for "the idle rich."

Mr. and Mrs. K. Borson motored to Palatka on Saturday to attend the Florida Bankers Association convention.

Mr. and Mrs. Allen, who have spent the winter with Dr. and Mrs. A. I. Spencer, have rented the Ira C. Pratt cottage for the summer.

Dr. G. C. Hardie came up from Felmere on Sunday evening and remained until Wednesday, when he left with his family for their new home.

Dr. and Mrs. A. E. Thompson of St. Clair, Mich., are at Grove Hall for a two weeks stay. Dr. Thompson is one of the leading medical practitioners in his part of Michigan.

Rev. and Mrs. C. J. Clauson and daughter, Mrs. Osborn, and Miss Bunnell left on Friday last for their home in Canandaigua, N. Y. They have been among the more popular guests at Grove Hall for several months, and their going is really regretted.

Mr. and Mrs. Ira C. Pratt have made arrangements for their departure next week for their summer home at Cropsey, Ill. Everyone regrets the departure of Mr. and Mrs. Pratt, but all hope to see them back in the early autumn.

On Friday last Mrs. William Pipe gave an afternoon tea in honor of Mrs. Dr. A. E. Thompson of St. Clair, Mich. Among the guests were Mrs. H. G. Hubbard, Mrs. C. P. Hale, Mrs. R. C. Middleton, Mrs. C. S. Gowen and Mrs. Eaton Cliff.

Mr. and Mrs. L. E. Bullock, with their household, left early last Friday morning in their big touring car for Jacksonville, where the car will be placed aboard an M. & M. ship for Baltimore. The Bullocks will go by train to Baltimore, and from that city to their home in Onset, Mass. by car.

Joseph Tarbell of Grovesdale suburb is enjoying a visit from his son who arrived from the north on Thursday of last week. The son, however, didn't enjoy the first few days of his stay so much, as he was ill and required the service of Dr. Beggs, who soon put him to rights.

Mrs. A. W. Seaton and her son, Mr. George W. Seaton, were to leave yesterday for Mrs. Seaton's summer home, Saragatien, N. Y. Mrs. Seaton has been her custom for several years has spent the winter season at Grove Hall. Geo. W. Seaton states that he will return to Crescent City in about a month.

Col. Chas. E. Lawrence of Smithtown Branch, L. I. was the guest for a time of his fellow townsman, Col. D. Smith. Col. Lawrence is making his first visit to Crescent City, and he assures us all that he likes it, and can now see good reason why Mr. Smith has made it his winter home for more than 30 years.

Col. and Mrs. C. P. Simmons of Greenville, S. C., and Mrs. J. C. Culham of Batesburg, S. C., arrived last week and are the guests of Mrs. C. A. Cheatham. Mrs. Simmons and Mrs. Culham are sisters of Mrs. Cheatham and Mr. J. Harwood Mathis, and therefore near relatives to a goodly number of our prominent people hereabouts, who will proceed to make their stay pleasant.

Last Saturday morning Dr. and Mrs. A. E. Thompson, Mrs. William Pipe and Mr. F. W. Baby motored over to Welaka. The fishing must have been good, as the party returned with a fine string, and they all enjoyed a fish supper at the home of Mr. and Mrs. Pipe. Dr. and Mrs. Thompson, who only arrived here last week, are making a short visit to Crescent City, but they say they will come again.

The hard-hearted station agent at Crescent City Junction is enforcing the excess baggage rule much to the chagrin of certain departing tourists. Certain of them load their trunks up with oranges and grapefruit, hoping thereby to save express charges, but the tourist who escapes with it has to be a "daisy." Excess baggage rates are higher than express charges, and heaven knows they are high enough for all practical pocket books.

On Sunday Mrs. William Pipe presided as hostess at a dinner given by Mr. F. W. Baby at Grove Hall to a number of his friends. The dinner party consisted of Dr. and Mrs. A. E. Thompson of St. Clair, Mich., Mr. and Mrs. William Pipe, Mrs. Rich, Mrs. C. P. Hale, Mrs. Cary, Mr. Clay, Mr. Wheatley and Mr. Baby. The table was beautifully decorated with roses, and place cards and roses were at each plate. The dinner was one of the many pleasant social events of the season.

Samuel A. McCook, a blind temperance lecturer, addressed a union service of the Methodist and Presbyterian churches at the Auditorium last Sunday night. The congregation was not large—somehow the average temperance orator is losing out, though this can not be taken as a loss of interest in the cause for which he stands. There is less sentiment in the present day fight against the liquor oligarchy. The people are fast making up their minds that back of booze is a determined effort on the part of its manufacturers to force it down the throats of the people, whether they will or no, and the people as a result of the liquor men's activity in politics, have about determined to throw the business of liquor selling overboard. They are looking upon it both as an economic and political evil; where once they confined themselves to appeals for personal abstinence, the temperance orator is now talking prohibition of the manufacture, sale and importation of the entire alcoholic business. Instead of whining "Where is my wandering boy tonight," the modern temperance orator must call out, "To Hell with the liquor business." People will drink liquor as long as it is made and its sale permitted.

White democrats should attend the city caucus tonight and assist in nominating a good man for mayor, and naming good men for aldermen.

Mr. and Mrs. Orla Reynolds who came to Crescent City to make their home, have apartments with Mr. and Mrs. E. D. Lounds.

Mr. and Mrs. S. J. Thorp, Mrs. C. C. Rowles, Jack Jones and Thos. D. Leslie, all of Lake City, composed a motor party to Miami en route to Cuba, who stopped over for dinner at Grove Hall on Sunday.

Capt. Will Miller took a party of eleven, mostly Grove Hall guests, on a trip up the Oklawaha river to Silver Springs last Tuesday morning, returning Wednesday night. The trip was made on the launch St. John.

Mrs. H. G. Hubbard and daughter, Miss Alice, left this week for a visit of some time in Detroit, Mich., before returning to her home in Massachusetts. Bela Hubbard will remain here some time.

Mrs. W. S. Wells of Geneva, N. Y., for many seasons a popular guest at Grove Hall, left on Monday for her northern home, greatly to the regret of her many friends at the Hall and in the town.

Miss Nettie Holly, who has been teaching the school at Harlem this winter, arrived home yesterday for the summer vacation. Miss Holly has been a very successful and popular teacher at Harlem.

Mr. and Mrs. J. H. Campbell, Miss Elizabeth Campbell, Mr. Billie Campbell and Mrs. E. J. Kelley, who have been spending the winter at the Crescent Hill home, are now back in town on Wednesday for the summer home at Oak, Tenn. N. J.

Bel. H. J. Campbell of Hastings, who has been called to the presidency of the local chapter of the United States Automobile Club, was in town last week, when he made arrangements to remain here Sunday and Monday at his home in town.

Mr. J. M. Carpenter and son, Edward, Mrs. Geo. Bates, Mrs. Charles P. Moys and Mrs. E. S. Kelley, who have been staying at the Hotel Hope for the winter, returned to their homes in Pasadena, R. I. Tuesday of the 29th.

A party of Jacksonville good roads advocates, on an inspection tour of this state, stopped over for the night at Grove Hall last Saturday. The party consisted of Nathan P. Bevin, one of the party; the others were W. M. Simpson, F. A. Miller, Myron T. Brown and C. C. Kelley.

Dr. Hardie states that Felmere is a place of 1500 inhabitants, and that he has been welcomed cordially by the people and that he has assurance of a good reception. He has lived in Crescent City two years and there is general regret over the departure of this popular physician and Mrs. Hardie.

Mr. and Mrs. C. A. Pratt, prominent most notable winter residents, will probably take their departure today. They will go to Savannah, Ga. for a ten days visit with their daughter, Mrs. Porter Pleasant, before returning to their home in New York. Mr. and Mrs. Pratt will all miss Mr. and Mrs. Pratt.

Mrs. D. E. and C. A. Hogan of Mayton, Indiana, and Edward Froben of New York, arrived at Grove Hall on Monday for a stay of a month or more. They were all here early in the season, and in the general custom of the Mosses Hotel, they went to Lake Weir, where they spent some three months. All these old friends are glad to see them back.

John Reynolds is now in full possession of the grocery business which he purchased a couple of years ago from his father-in-law, S. G. Sells, and being a popular young man with a pinch, it is predicted that he will soon be accounted at one of the most successful of Crescent City. He is worthily carrying on the business, and has a share of the better shop.

Eggs Sunday will be observed with special attention by the citizens of the Episcopal church and vicinity, who will also be attending to the church with flowers and holy pictures. The service for the day will consist of the Communion, a hymn, a reading of the Bible, a musical service at 11 a. m. and children's service at 4 p. m. There will be no star service.

Mr. and Mrs. F. W. Purrington and their winter guests, who have been occupying the pretty Purrington cottage on Summit Street through the season, left on Saturday for their home at Colrain, Mass. To the party taking their departure, besides Mrs. Geo. Warner, Frank Purrington, Moses Voger, A. L. Avery and Mr. and Mrs. Charles Wassy.

The Flubdub Minstrel Co. gave a very funny and thoroughly appreciated performance at V. I. A. hall on Wednesday night to a big audience. Not so big, however, as would have been the case had the performance been better advertised. The performance was for the benefit of the Crescent City band. Harry Dobbs of Dobbs' Ferry, and one of the great acrobatic performers of this generation, had a leading part in the performance, as also did the inimitable George Seaton.

**DUAL SENATOR PLANS A REORGANIZATION**

Of Florida Legislature to Promote Efficiency and Economy.

To abolish the numerous committees with their high-sounding titles, in both branches of the Florida Legislature, substituting therefor permanent committees, six committees for the Senate and ten committees for the House, is the aim of a resolution to be introduced at the coming session by Senator Ion L. Farris, of Jacksonville.

This reorganization plan is the result of the experience gained by Senator Farris during his two terms as Speaker of the House of Representatives, and his intimate knowledge of the waste of time and the loss of efficiency in the handling of the legislative grind through the multiplicity of unnecessary and time-wasting committees. If adopted, the resolution will automatically reduce the expense for clerical and other help to a minimum.

This idea is something entirely new in legislative procedure and will undoubtedly be watched with the keenest interest by the legislators of every State in the Union.

It is proposed that the six Senate committees shall consist of five Senators each, and the House committees to have seven members each. These committees, known as "Committee No. 1," "Committee No. 2," etc., are to be made up of legislators according to their vocational interests. For instance: On each committee there will be a banker, a farmer, a lawyer, a business man and a representative of labor. Bills will be referred to these committees in the order in which they are introduced. The first bill introduced will be referred to Committee No. 1, the second bill to Committee No. 2, and so on automatically, until all of the bills introduced are divided prorata among the committees.

Appointments Will Not be Made by Speaker.

The resolution further provides for the creation of a "Special Committee on Committees and Rules," this body to have the naming of the members of the committees, recognizing every vocation and every element of citizenship.

When the committees of either legislative body are filled up with bills, that body will adjourn until the committees are ready to report, thus enabling the members to attend all of the sessions of the legislative body to which they were elected by their constituents, and, at the same time, give them ample opportunity to do their necessary committee work. That this in itself will prove one of the greatest time savers in the histories of State legislatures, cannot be denied.

Every bill introduced will have the careful consideration of representatives of all the elements of citizenship in the State, men who will have no direct interest in the bills under consideration, because they will not know in advance what bills will come before them, making a "packed" committee for or against a bill almost an impossibility.

More Committees Than Senators.

At the 1913 session of the Florida Legislature there were 34 committees of the Senate and but 32 members of that body. The House, with a membership of 72 Representatives, had 47 committees. The members of the Senate were appointed to serve on from five to seven committees each, an average of six committees to a man, and in the House, the representatives were serving on ten and sometimes 14 committees each. Thus it can be readily seen that if a member of the Legislature attended to his committee work as he should have done he had but scant opportunity to attend to the other legislative business of the session.

His Following.

Friend—"When you delivered your lecture on Browning in that little town you said you were going to last summer, did the audience seem to follow you?" Lecturer—"Oh, yes; they rose as one man and followed me to the nearest freight train."—Florida Times-Union.

**COULD NOT SLEEP, COULD NOT EAT**

Woman So Weak and Nervous Could Not Stand Her Children Near Her—Vinol Changed Everything for Her

Plant City, Fla.—"I wish I could tell everybody about Vinol. For nine years I was in bad health. I got so I could not sleep, and I could not stand it to have my children come near me. I could not even sew or do any heavy housework. I was simply tired all the time. I tried so many medicines I could not recall them all, but nothing did me any good. One day a friend asked me to try Vinol and said it was the best tonic she ever saw. I did so, and soon got the first good night's sleep I had had for a long time. Now I sleep well, my appetite is good, my nervousness is all gone and I am so strong and well I do all my housework and work in my flower garden without feeling tired or nervous. Vinol has made me a well and happy woman."

—Mrs. C. H. MILLER, Plant City, Fla.

Vinol contains the curative, healing principles of fresh cod livers (without oil) and tonic iron.

We ask every weak, run-down, nervous person in this vicinity to try Vinol, our delicious cod liver and iron tonic without oil, on our guarantee to return their money if it fails to benefit.
